Categories

Self Portrait

The "Self Portrait" category invites photographers to explore their own identity, emotions, and creativity, offering a canvas for expressive self-representation through the lens.

Underwater Selfie

The "Underwater Selfie" category invites photographers to plunge into the depths of creativity as they capture captivating self-portraits beneath the surface, exploring the mystique and beauty of submerged worlds while showcasing their unique and imaginative underwater perspectives.

Artificial Selfie “AI”

The "AI Selfies" category showcases the fascinating world of artificial intelligence and machine-generated self-portraits, where creators leverage AI technologies to craft imaginative, surreal, and thought-provoking self-images, blurring the lines between human expression and AI's artistic capabilities.

Phone Selfie

In the "Phone Selfie" category, photographers capture the world around them using the convenience and creative potential of their smartphones, exploring the art of self-expression through mobile photography, from candid moments to carefully crafted self-portraits.
